

A vibrant rainbow arches across a bright blue sky filled with soft, wispy white clouds. The rainbow's colors are clearly visible, transitioning from red on the left to violet on the right. The overall scene is serene and hopeful.

## THE PSIBERNETIC ARCH

Roy Ascott

Our guiding *metaform* is that of a rainbow arch bridging two apparently opposed spheres: cybernetics and psychic systems; the west and east sides of the mind, provision and prevision: cyb and psi. As the digital cedes to the chemical in mind research, we can expect a greater appreciation of the dynamic organism as the meta model of social and cultural construction, and consciousness as our field of creative inquiry and play.
