

Meaningful insights for writing excellence

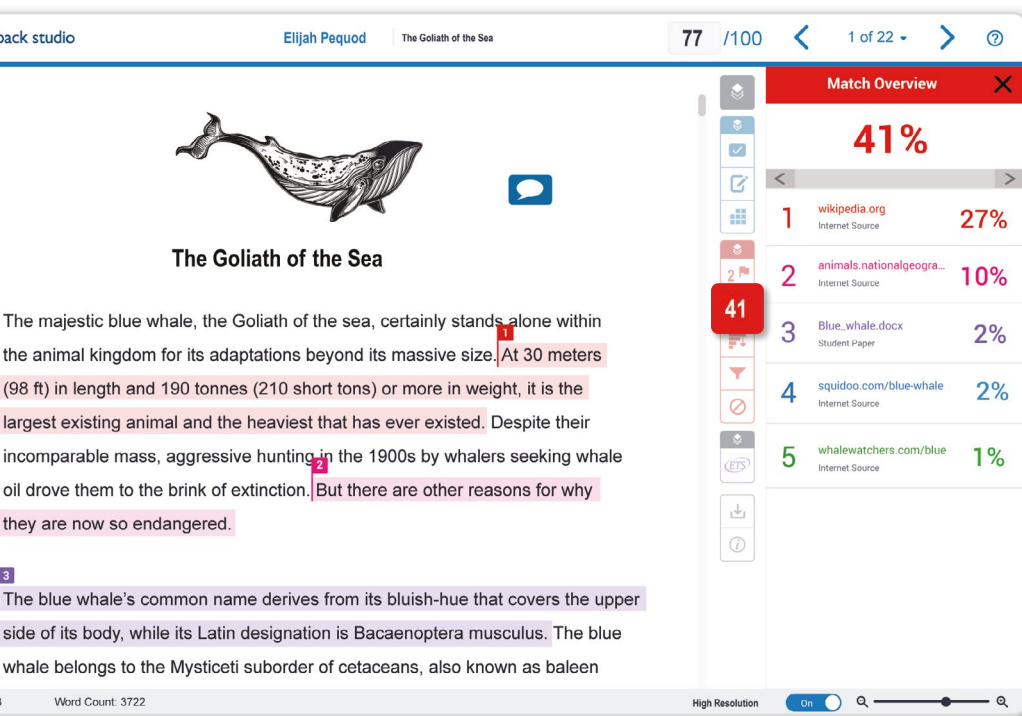

Deliver impactful feedback, fast

Only Turnitin Feedback Studio makes it simple for teachers to help their students grow as original writers and thinkers by providing a single, easy-to-use resource to address plagiarism, check grammar and provide feedback. Turnitin Draft Coach™, our Microsoft® Word on the web and Google Docs™ add-on, provides students with immediate guidance on how to ensure authentic work, proper citation, and flawless grammar while they write.

“The teachers tell me they’ve never seen their students so excited to come back and see how their work is rated... There are some things you can’t actually write like the tone of voice and mannerisms that come through in voice. These types of features are transformational.”

Toby Trewin, Director of the Hale Institute of Innovation and Research.

University and career readiness

Feedback Studio's intuitive feedback and grading features not only save instructors time but also build students' 21st century skills so they're better prepared for university and career.

Engage students from first to final draft across the curriculum

Original insights

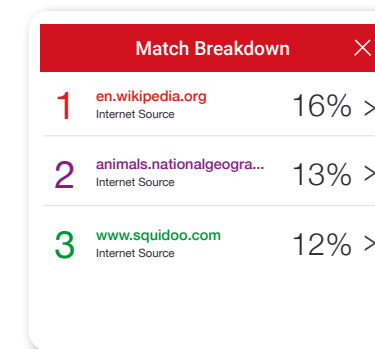

Determine when students have deliberately manipulated text to circumvent plagiarism checking.

Accelerate assessment

Grade objectively and consistently with rubrics. Streamline formative, summative, and benchmark assessments for multiple subject areas.

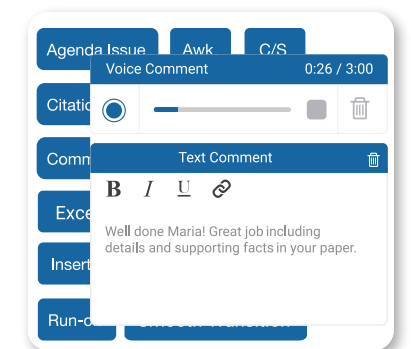

Collaborative peer review

Encourage discussion and reflection among students in your classes. Automatically distribute work and collect student feedback anonymously.

Check for similarity

Identify potential plagiarism against the world's largest collection of internet, academic, and student paper content.

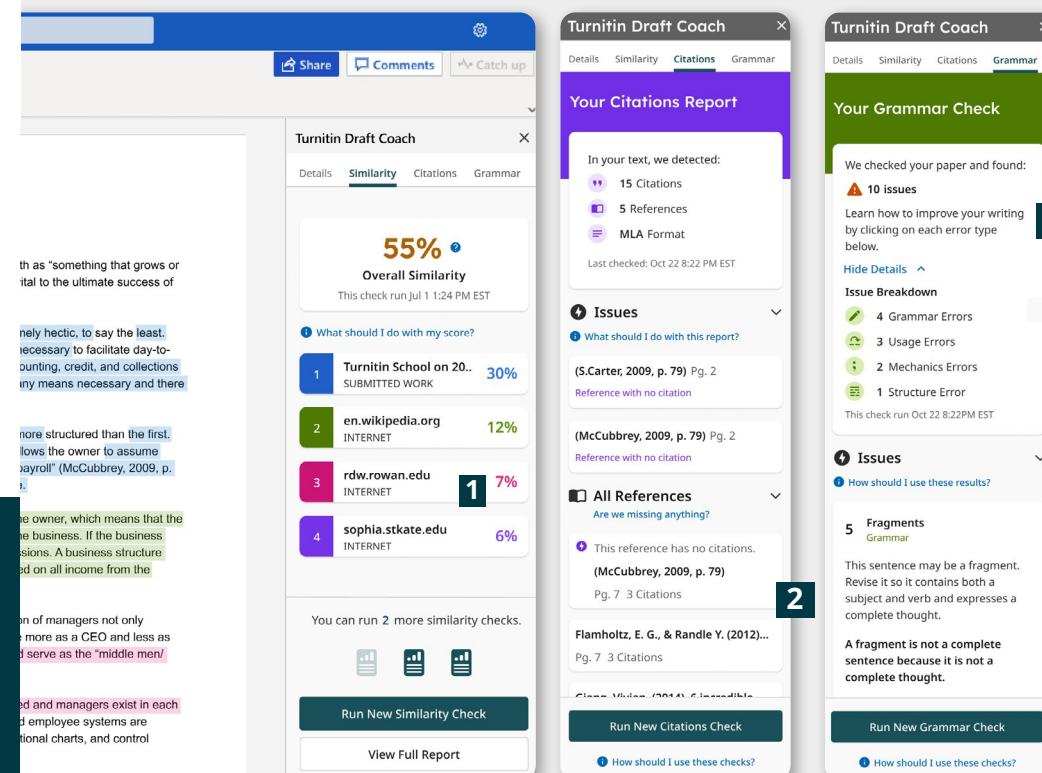

Feedback fast

Save time with custom or pre-defined drag-and-drop comment libraries, voice and text comments, and automatic grammar feedback from ETS.

Draft Coach

Meet students where they work

Draft Coach helps foster writing and research skills by giving students instant feedback to guide editing and revision in Word on the web and Google Docs.

Address unintentional plagiarism early on 1

Students review their drafts for matches with Turnitin's comprehensive content databases.

Improve citation skills 2

Students quickly identify missing references and citations.

Correct grammar mistakes 3

Encourage learning, not just autocorrecting, with detailed guidance about editing grammar issues.

81%

Students believe that Feedback Studio helped them avoid plagiarism¹

77%

Students believe that Feedback Studio helped them become better writers¹
