

Searching for inspiration? Enrich your research with high quality knowledge that's open to all

Scientists are committed to making the world a better place. We are committed to providing immediate access to authoritative, multidisciplinary chemical sciences research to fuel your work.

Take your research to the next level with help from diamond and gold open access journals, and access the first chapter of every eBook and the first two volumes of all RSC journals for free. Make sure your library has secured access for your institution.

Power your research
