

My name is Nico Argentato and I am working at [Active Language](#), a teacher training centre and language school located in Cadiz, Andalusia, Spain.

We run Trinity College London accredited teacher training courses after which graduates can teach English anywhere in the world. The Trinity Certificate in TESOL Course in Cadiz has been running for the last 11 years and more than 400 trainees have successfully completed the course.

- The Trinity Certificate in TESOL Course is a postgraduate certificate of education focused on teaching English as a foreign language and one of the two internationally recognised qualifications in TEFL. Our full-time and intensive courses take place every year, during the summer months (July and August) and over 5 weeks.
- Active Language is an accredited Trinity College London provider: This means that every Trinity Certificate in TESOL Course is moderated on site by Trinity College London.
- TEFL Employment Opportunities: Despite the current economic situation, Spanish people are moving forward by investing in their own education, especially learning English. Spanish universities require students to reach a B1 foreign language level before completing a degree. This is generating a higher demand for English teachers in Spain. Active Language, like most reputable language schools, requires staff members to be appropriately qualified. So, we offer our Trinity Certificate in TESOL Course graduates both individual and personalised career guidance and life-long support, and extensive employment connections all over the world, throughout Spain and especially in Andalusia.

Therefore, would you be able to inform students and staff members at Ionian University about the Trinity Certificate in TESOL Courses in Cadiz?

Furthermore, would you like to receive our poster by e-mail or regular mail?

If this information is useful for another Faculty or Department, please forward it on to the most appropriate person at Ionian University.

I would also be delighted to provide more information if you deem it useful.

I look forward to hearing from you!

Kind regards,

Nico Argentato

Communications and Marketing Assistant
