23.02.2022 № 157

To: Professor Stavros Katsios  
UNESCO Chair on Threats to Cultural Heritage  
and Cultural Heritage-related Activities  
Ionian University  
Corfu, Greece

Dear Professor Stavros Katsios,

The Ukrainian National Tchaikovsky Academy of Music is a state higher education institution of Ukraine of the IV level of accreditation, which in accordance with its statutory activities clearly implements the state policy in the field of art education, science and culture. Given the need for systematic renewal of the educational environment, increasing the activity of students, research and teaching staff and in order to establish international cultural diplomacy, the Academy intends to open a UNESCO Chair on Music Creativity, Education and Science.

The implementation of this project would become an indispensable factor in improving the effectiveness of international partnerships by expanding the Academy's participation in joint projects with your Chair in terms of holding international scientific conferences, seminars and symposiums, as well as participation in educational and cultural programs.

We would like to ask you to support the proposal of the Ukrainian National Tchaikovsky Academy of Music to open a UNESCO Chair on Music Creativity, Education and Science and confirm your decision with a return letter.

Yours sincerely,

MAKSYM TYMOSHENKO  
Rector
